LIGHT MOVE FESTIVAL

MARZENIA/DREAMS

FESTIVAL OF KINETIC ART OF LIGHT

25-27/09/26

ŁÓDŹ

EVERYDAY 7:00 PM-12:00 AM

Dear Friends and Guests of Light.Move.Festival!

Every edition of Light.Move.Festival begins with a dream. With an image that takes shape in the imagination. With a light that first sparks only in our minds. With a question: how else can we reimagine a city? How can we tell the story of Łódź?

This year's 16th edition of the Festival is held under the theme of "Dreams"—a concept deeply close to art, artists, and each of us. Dreams carry us seamlessly across time, into unknown worlds and spaces that vanish as quickly as they appear. Sometimes they are delicate and personal; at other times, bold, vibrant with color and motion.

A curated lineup of artists will take us on a journey through their ideas, emotions, and visions. Light will unfold both in familiar spaces and in new locations joining the festival's narrative for the very first time—including the Church of the NMP and at Piotrkowska 50.

I invite you to lose yourself in the streets of a Łódź canvas painted with light, and to see the city through a different lens. For a few evenings, facades, parks, squares, and streets will transform into a stage for light, music, and imagination.

To open the Festival, I invite you to gather in front of the Poznański Family Palace, and then to discover the next artistic wonders following the numbers in your program.

May this year's Festival be a shared journey, unveiling a Łódź beautiful, bold, and full of dreams.
